

Shivani Sanjay Shrungare

Full Stack Developer | React | TypeScript | JavaScript | Node.js | SQL | UI/UX

shivanishrungare7@gmail.com | +4917685081944 | Heidelberg, Germany

linkedin.com/in/shivani-shrungare | github.com/shivanishrungare | Portfolio

Full Stack Developer with 3+ years of experience building responsive, scalable web applications using React, TypeScript, and modern frontend frameworks like Vue. Experienced in integrating REST APIs, crafting user-centric interfaces, and collaborating closely with product and design teams. Strong background in UX/UI design (Figma, wireframes, prototypes), ensuring seamless user experiences. Enthusiastic about learning and applying my skills to expand expertise and contribute to innovative frontend solutions.

WORK EXPERIENCE

❖ **20 April 2025 – 12 August 2025**
Remote, Germany
Freelance Full-stack Web Developer
Marathi Referrals - **Community Web Platform**
Tasks/Achievements:

- Developed and improved UI features using **React**, **JavaScript, Material UI, Node.js and SQL**.
- Fixed bugs and enhance UI responsiveness across various devices.
- Integrated frontend components with backend APIs built in Node.js.
- Collaborated with Figma designers and contribute new ideas or improvements.
- Implemented new UI flows, leading to an improvement in user task efficiency and enhanced engagement on the platform.

❖ **1 May 2023 – 30 September 2024**
Stuttgart, Germany
Work Student Frontend Developer
TeamViewer GmbH
Tasks/Achievements:

- Built 15+ responsive, reusable UI components using **React**, **TypeScript, HTML, CSS**.
- Used **Git** and **Jira** in daily development workflows.
- Refactored legacy codebase for improved performance and maintainability.
- Wrote unit, integration and end-to-end tests using **Jest** and **React Testing Library** to ensure component reliability.
- Collaborated in **agile**, **distributed** teams and participated in **sprint planning and code reviews.**
- Improved design accuracy and reduced developer handoff issues.
- Boosted performance and reduced bugs through code optimization.

❖ **22 July 2019 – 25 October 2022**
Mumbai, India
Frontend Developer with UI Designer
Tata Consultancy Services, Ltd
Tasks/Achievements:

- Started as an L3 Developer managing production incidents and backend enhancements, then proactively transitioned to the frontend team to address major UI/UX flaws in a high-traffic banking platform.
- Rebuilt and modernized responsive, performance-critical UI components using **React**, **SQL, JavaScript**, **HTML**, and **CSS**.
- Collaborated with **distributed teams** to implement user-centered design improvements across legacy interfaces.
- Led frontend integration and validation in cross-functional releases, ensuring 99.9% uptime and deployment stability.
- Achieved a drop in user complaints, an increase in engagement, and a reduction in UI-related incident tickets through redesign and optimization efforts.

EDUCATION

❖ **1 October 2022 – 30 September 2024**
SRH University of Applied Sciences
Completed- **Master of Science in Applied Computer Science (1.6 GPA)**
Heidelberg, Germany

❖ **15 June 2015 – 15 May 2019**
Savitribai Phule Pune University
Completed- **Bachelor of Engg in Electronics and Telecommunications**
Nashik, India

SOFT SKILLS

❖ Communication, Problem-Solving, Continuous Learning Mindset, Independent, Self-starter, Collaboration, Teamwork

TECHNICAL SKILLS

- **Frontend:** React, Vue 3 (basic), HTML5, CSS3, Tailwind CSS, Material UI **(Proficient)**
- **Design**: User Research, UX/UI Design, Responsive design, desktop and mobile, Figma Prototyping, Usability Testing, Design System **(Proficient)**
- **Backend & Databases:** Node.js, Express, RESTful APIs, SQL, MongoDB, Redux (basic), Context API, JWT **(Intermediate)**
- **Collaboration:** Agile, cross-functional teams, UX collaboration. **(Proficient)**
- **Testing & Quality:** Jest, CI/CD (GitHub Actions, Jenkins) **(Intermediate)**
- **Tools:** Git, Bitbucket, GitHub, Jira, Jenkins, Postman, Swagger, Confluence, Docker **(Intermediate)**
- **AI & Emerging Tech (Exploring):** Prompt engineering basics, Generative AI tools **(Beginner)**
- **Data structures, algorithms, and OOP** **(Intermediate)**

PROJECTS

- **1 September 2025 – 15 October 2025** **Personal Project - Hotel Booking List Dashboard**
  - Developed an interactive hotel business dashboard that visualizes bookings from various online and offline sources.
  - **Skills used: Vue 3, Prime Vue, HTML, CSS, Docker, Node.js, Express.js, and SQL**

- **1 February 2025 – 30 March 2025** **Portfolio Website using Tailwind CSS**
  - Developed personal portfolio website using Tailwind CSS, HTML, CSS

- **1 April 2024 – 24 September 2024** **Master Thesis Lecture Planning & Management Application**
  - Designed and developed a full-stack web role-based scheduling app using **MERN** Stack
  - Reduced conflicts by 80%, and improved scheduling speed by 60%.
  - Applied algorithmic problem-solving during development and debugging to improve application speed by 20%
  - **Skills used: UX Design, Figma, React, JavaScript, Context API, Material UI, RBAC, JWT, Express, Node.js, MongoDB, Git, CI/CD, Rest API**

- **1 October 2022 – 1 April 2024** **Academic frontend and full-stack projects**
  Travel Agency Website, Mental Health Website, Satellite Trajectories, and more

LEADERSHIP AND AWARDS

- **Led and hosted a 100+ participant National Seminar on Industrial IoT.**
- **Winner – National & Intercollege Poster Presentation Competitions**

CERTIFICATIONS

- **May 2019** **Deep Learning and NLP A-Z™: How to Create a ChatBot (Online)**
- **January 2022** **IELTS English Level C1 (Advanced)**
- **February 2022** **Goethe German A1 Language**

LANGUAGES

- **English – C1 (Advanced)**
- **Germany – A1 (Basic, Improving A2)**

HOBBIES

- **Designing, Sketching, Travelling, Music, Chess**
